

The Additional Park Amenities and Locations Committee was formed to consider community input as the developer considers plans for additional community gathering spots.

Committee Steward: Lori Nicholls

Committee Members: Tina Chadwick, Bill Holmes, Patty Cullen, Barb Kohler

This committee has considered various locations and contents (fire pit, bocce court, etc.) and provides the following poll to all residents to obtain full neighborhood feedback.

Longer Term Vision:

The committee envisions that a major community gathering spot could be included in the construction plans for the marina facilities. Restrooms and a parking lot are part of the plans for the on-land portion of the marina facilities. The committee envisions that this would be the next logical location for an additional major outdoor meeting area.

An initial list of amenities in this area for your comments includes the following:

- A covered pavilion containing picnic tables (See location 1 on map).
- a fireplace/grill
- a buffet counter with electricity to plug in crockpots etc.

Please provide your support or alternative suggestions for the next major outdoor meeting area. A "living list" of components will be kept and updated during 2018 such that the developer can consider them as marina plans are further developed.

I, _____, do / do not (circle one) support this longer term vision.

Options for timely implementation during 2018:

The following options the committee thinks should be considered for implementation during 2018 are listed in the voting form on the next page in the order of their perceived priority. Space is provided for you to provide your thoughts on Desirability (Yes, I desire this option to be implemented or No, I do not desire this option) and for Priority (1, 2 or 3) as well as for Additional items desired.

Please submit your input to Tara@riverbluffsliving.com by 02/05/2018.

Desirability (Yes / No)	Priority (1, 2, 3,)	Amenity Description	My additional comments
		<p>A fire pit to be located on the river where the bench is currently located (See location 2 on map).</p> <ol style="list-style-type: none"> 1. This would include chairs (perhaps like those sitting outside of Porches) arranged around the fire pit. 2. Would like to include lighting lining the pathway to the river as well as enough lighting at the fire pit site for safety. Solar lighting might provide a cost effective option. 	
		<p>A gazebo located in the park across from Porches (See location 3 on map). This would be a place to sit quietly and read or as a gathering spot for those who would like to meet for a drink in the evening.</p>	
		<p>Amenities to be added to the tennis courts, pickleball court and basketball court in the current amenity location across the bridge. The committee would like to see as many activities located in that area as possible to not take away from the natural areas in the neighborhood.</p>
